# LET'S TALK...

**Congratulations to the newly installed EBMI Officers and Board of Directors. We thank them for volunteering their time to guide your organization.**

Each year, while we welcome new Board members that also means that some directors are coming off the Board of Directors for a variety of reasons. We have list the members that have served the organization on the Board of Directors and appreciated the time they gave to the Electrical Board.

**Aaron Eckhardt** - He joined the Electrical Board in 2015 and elected to the Board of Directors in 2019. Aaron also served on the Ameren Missouri-EBMI Task Force. We thank Aaron for serving on that committee and the Board.

**Drew McMinn** - He joined the Electrical Board in 2018 and was elected to the Board of Directors in 2019. Drew was very helpful to us in disseminating the Expo information to the many Springfield Electric Supply branches. Drew, we hope we can count on you continued support.

**Bob Kaemmerlen** - Bob is retiring as a Director after serving six consecutive years on the Board of Directors. He served as a Chair for the Electrical Expo 2020 and participated on the Seminar Committee. Bob has been a member since 2005 and started on the Board of Directors in 2016. Bob, we thank you for the guidance your have provided to our organization.

**Bob Peat** - Bob is also retiring as a Director after serving six consecutive years on the Board of Directors. He has been a member since 2012 and started on the Board of Directors in 2016. Bob has taken seminars over the years. Bob, we thank you for supporting our organization and appreciate his input with our education program.

**Cathi Tennant** - Cathi has retired from Frost Supply and our by-laws state that retired members cannot serve on the Board of Directors other than to complete their current year. Cathi joined the Electrical Board in 1990 and the Board of Directors in 2000. She accepted an officer position in 2007 and served as EBMI Chairman during our 2009-10 year. Whenever an ad hoc committee needed to be formed by the Board of Directors on an issue, we could always count on Cathi to volunteer. If you looked back at our minutes over the last 13 years, her name is mentioned in discussions, making motions or presenting the results of a committee to

the Board members for discussion and approval. The staff has consulted her throughout the years for advice on various situations and she was willing to analyze the information and offer valuable guidance. Cathi, we will always value your dedication to the Electrical Board and the extra effort to serve on committees and assist the staff when asked. By the way, she was the first EBMI Chairman to start our 2<sup>nd</sup> - 100 years. Cathi received the Michael A. Postiglione award in 2015. Cathi, we wish you the very best in retirement.

**Jeff Stoyanov** - We would normally recognize Jeff Stoyanov as a past chair that has completed his 6 year commitment since accepting an **officer position**. Jeff served as EBMI Chair in 2018-19. Fortunately for us, he has accepted the Treasurer position and will remain on the Board. We thank Jeff for accepting the Treasurer position.

**Kurt Schulz** - Jeff accepted the Treasurer position being vacated by Kurt Schulz. Kurt has completed the maximum 6-year term as Treasurer. He joined the Electrical Board in 1997 and was elected to his first 6-year term on the Board of Directors during 1998-2004. He rejoined the Board of Directors in 2005 and then was elected to an officer position in 2006. Kurt served as Electrical Board chair in 2008 and 3 years as past Chair ending in 2012. In 2016, he accepted the Treasurer position succeeding Keith Cooper.

So, from 1998 to today, he has been on the Board of Directors for 19 out of 24 years. While he has served on the Board of Directors, he also chaired many committees such as the Christmas Mixer, 21<sup>st</sup> Century Committee, GOLffest, and since 2010, the Sportsman's Holiday. In 2007, Kurt received the Michael A. Postiglione award. Kurt, we cannot thank you enough for all the years you have volunteered to move this organization forward. We hope we can count on your continued support to make the Electrical Board a better organization.

**We thank each of these members for volunteering their time to guide our organization. We hope other members will consider following in their footsteps.**

If you are interested in serving on an Expo committee or getting more involved to help make the Electrical Board a better organization, please email [bill@electricalboard.org](mailto:bill@electricalboard.org).

"Good leaders make people feel that they're at the very heart of things, not at the periphery. Everyone feels that he or she makes a difference to the success of the organization. When that happens people feel centered and that gives their work meaning."  
- Warren Bennis

## **RECAP OF June 6th Sportsman's Holiday**

The Sunday Forecast for the 83rd Annual Sportsman's Holiday set for Monday June 6<sup>th</sup> did not look good. Thankfully we only had brief showers throughout the day for the 144 golfers and volunteers judging the contests on the course. Some enjoyed it more than others as the event recap will show. Overall, it was a good day for a golf outing for our members and guests. We thank Kurt Schulz and Ed Rhomberg, Chairs of the 2022 Sportsman's Holiday for helping us coordinate this event.

Special thanks to **FEDERATED INSURANCE** for donating tees, koozies and card size toolkit for our golfers.

### **CONTEST RECAP FORMAT THIS YEAR**

## **The Inner Journey Series, Step #2: *Defining the Basic Terms* By Dan Coughlin**

In this series of articles on The Inner Journey I will not tell you what to think, but I will challenge you to think.

The idea is for each of you to develop whatever approach for strengthening your inner self is most effective for you. The first step in finding your way is to define what words mean to you.

Below are 63 words. Please take the time, a few hours at least, to first write down in your own words what each word(s) means to you. If you need to read the dictionary definition to get started, you can do that, but then please rewrite the meaning in your own words. You won't be sending your answers to me. Just simply type in or write in your answers.

Please don't be concerned with trying to write down the correct or best definition. Please just write down what the word(s) means to you. If nothing comes to you for a given word(s) after several tries, then you can leave it blank.

When you read your definitions for these words, you may see patterns emerging. Those patterns can become the basis of your philosophy on this inner quest.

After you put in your definition of each word, then, and only then, please read my definition of the word. My definition is no better than your definition, but it will help you to understand where my mind is at.

### **Here are the Basic Terms on this Inner Journey:**

1. Quest
2. Excellence
3. Philosophy
4. Pragmatism
5. Creativity
6. Wisdom
7. Selfish
8. Vice
9. Fear of Failure
10. Surrender
11. Morals
12. Virtue
13. Ethical
14. Righteous
15. Joy
16. Spiritual
17. Greater Wisdom
18. Prayer
19. A Thinking Spiritual Person
20. Moral Philosophy
21. Higher Purpose
22. Vocation
23. Calling
24. Inspired
25. Enthusiasm
26. Faith
27. Hope
28. Free Will

29. Conscience
30. Character
31. Soul
32. Inner Self
33. Inner Greatness
34. Reflection
35. Discernment
36. Personal Integrity
37. Dignity
38. Inner Peace
39. Fulfillment
40. Relationship
41. Prejudice
42. Forgiveness
43. Trust
44. Love
45. Honor
46. Respect
47. Reverence
48. Understanding
49. Grace
50. Generosity
51. Compassion
52. Mercy
53. Justice
54. Humane
55. Contribution
56. Courage
57. Discipline
58. Family
59. Community
60. Organization
61. Society
62. Civilization
63. Leadership

When you have completed that very important step, then email [bill@electricalboard.org](mailto:bill@electricalboard.org) to read Dan's definitions of these words.

Dan's are not the correct definitions or the best definitions or even his final definitions because there are no correct, best, or final definitions. They are simply his current definitions.

He encourages you to read them over and then continue to reflect on these words. As more effective definitions come to you, write down yours and keep rewriting them. The key is not to have the "right" definitions, but rather to have the definitions that are the most useful and most effective for you.
