PLAYOFF TIEBREAKERS:

Seeding for the playoffs will be based on final standings of league play. In the event of a tie to make the Playoffs, head-to-head will be applied 1st. If still tied, then a coin flip will be used to determine the winner. Top 4 teams qualify for playoffs. First round is 1 vs 4, 2 vs 3.

In the event of a twosome tie during a Playoff round, the winner will be determined by hole handicap, beginning with #1 handicap hole, if still tied, then #2 handicap hole, and so on as needed to break tie.

****Please inform Kim & Bruce on Monday (day before) who will be golfing for your team on Tuesday. EBMI will be checking eligibility (see below) & we'll bring handicaps for those golfers.**

PLAYER ELIGIBILITY FOR PLAYOFFS: Each member of your team needs to play at least 3 times ON YOUR TEAM during the league regular play nights (does not include random/shamble play nights) before week 15 in order to be eligible for the playoff tournament. Playoff Team members with an established handicap by League rules but not satisfying this requirement will incur a 2 stroke penalty during playoffs. Playoff Team members without an established handicap by League rules will be assessed the 2 stroke penalty, plus incur the 75% rule applied to their score.

***If a last minute (day of) sub is needed for the Playoffs, Bill Regan will be that sub.*
